Boulder Junction Lions Donate to the Boulder Junction Public Library

During the monthly board meeting held on Monday, January 25, the Boulder Junction Lions Club presented Library Director, Cherie Sanderson, with a check for \$2000 for the library.

The library will use these funds to continue expanding their collection of large print books and books on compact disc. The use of these materials has increased dramatically over the years because of the large number of patrons who are visually impaired. The library will also continue to research new material formats that make it possible for visually impaired patrons to enjoy reading.

The Boulder Junction Lions have made significant monetary donations to the library for many years, allowing the library to build up a sizeable collection of books on compact disc and large print books.
