

Wisconsin Lions License Plate—We need your help!

Lions: Now we really need help from all of you. Both the Senate and Assembly Transportation Committees have held public hearings. We thank those of you who appeared at the hearings. Next the committees must vote it out of committee and onto the floor for a vote of their entire body. Without encouragement the bills could die in committee.

The list below gives the people who are representing parts of your District. Call, email or write to them. They each need to receive numerous contacts from members telling them you support the bill and asking that they both support the bill and that they encourage a committee vote to approve and send the bill to the floor for a vote of their entire Assembly or Senate. Ask the legislator “can I count on you to support our efforts”.

You will also need to contact your own legislators with the message to support this bill. When asked why they voted against something, legislators usually say “no one contacted me about supporting it”. Lions, can we count on you to make these contacts. There is great fundraising potential and increased visibility for Lions with the passage of the Lions special license plate.

If you have any questions or comments please contact me. [Forward this to all Lions in your Districts.](#) I could use help correcting some mistaken email addresses I got from the Lions directory.
