Leadership is critical to the overall success of any organization, including Lions Clubs International. An effective leadership team provides the vision, guidance and motivation necessary for our association to continue to fulfill its mission of providing quality, relevant service to communities around the world.

Members of the Global Membership Team (GMT) and Global Leadership Team (GLT) work together to identify, develop and encourage opportunities for present and future Lions leaders, and to develop membership through service and engagement.

The Global Leadership Team (GLT) provides for an enhanced focus on leadership development, which is critical to the future vitality of our association. The GLT directs its efforts toward identifying and cultivating effective leaders through active training and leadership development initiatives, while providing necessary information, guidance and motivation.

GLT Structure

The GLT structure encompasses representation at the international, multiple district, single district and district levels and includes district governor teams, providing a comprehensive global platform for developing more qualified leaders from the club level up, while encouraging regional training and development approaches to address local needs.

Operating as an action-oriented, parallel, mutually supportive team with the **GMT**, the **GLT** was developed to augment the local efforts of our DG Teams. By integrating the efforts of the GLT, the GMT and our DG Teams, we

will be better able to address regional growth and development needs, while building our membership base, improving club health, and enhancing the quality of our leadership at all levels of the association.
