

Hello all;

The past two cabinet meetings we discussed the possibility of implementing Adult Vision Screening/ Glaucoma Screening (AVS). I have attached my findings. Attached you will find the following:

1. **A brief overview of glaucoma.**
2. **Statistics of glaucoma.**
3. **E-mail transmissions from Prevent Blindness Wisconsin(PBW).**
4. **E-mail transmissions from John Kalush/Senior Account Rep./Willis HRH(LCI Ins. Carrier)**
5. **Instructions sheet for use of glaucoma screening machine in use by Lions Clubs.**
6. **E-mail transmission from PBW on certification program & Purchase options.**

The opinion of Willis HRH as noted, is that LCI would cover liability for this type of program. I am aware that liability is of great concern to everyone! My hope is with the information attached this will help make an informed decision by the cabinet. Due to work circumstances beyond my control, I won't be able to attend the cabinet meeting at convention. My hope is by providing this information early, I will be able to answer any questions in advance. Please feel to call or e-mail me with any questions or concerns.

Yours in Lionism,
Greg Tobisch
Region 3 Chair
